To Staff & pupils
Akenhead House School.

Dear Phil (Su)

Just to let you know how much Geoff & I appreciate all the hard work done by you staff and boys in our front garden.

They have transformed the small area of wilderness to a very manageable piece of ground.

Geoff created the garden when we first came back to Forest Hall 13 years ago but due to his present illness has totally lost interest & just about everything spent for watching TV.

Thank you also for the new gate.

We really do appreciate all the work that clearing the shrubs, stones etc and the making of the present area.

Yours sincerely

Geoff & Barbara Colson
